

xB Features

Exterior Features:

- Choice of 3 Wheel Covers
- Side Mirror Mounted Turn Signals
- Intermittent Front Wipers
- Rear Wiper
- Chrome exhaust tip
- Roof Mounted Antenna
- Multi-reflector halogen headlamps with projector lamp for low beams

Safety Features:

- Driver & Passenger Dual Stage Airbags (SRS)*
- Front seat mounted side airbags*
- First Aid Kit
- Side Curtain Airbags*
- 4-wheel anti-lock brakes with Electronic Brake Distribution and Brake assist**
- Vehicle stability control and traction control***

Audio:

- Pioneer AM/FM/CD Head Unit with iPod Capability
- Scion Sound Processing
- Six Speakers

Interior / Convenience Features:

- Air Conditioner
- Amber Instrument Panel Illumination
- Auxiliary audio input and iPod jacks
- Cargo area under-floor storage
- Storage tray under rear seat
- Cruise Control
- Front sport bucket seats with fabric upholstery
- Remote Keyless Entry
- Power Windows
- Power Door Locks
- Power Outside Mirrors/turn signal indicators
- Rear Window Defogger
- Digital Clock
- Tilt Steering Wheel with Audio Controls
- Tachometer & Trip Meter
- Driver & Passenger Vanity Mirrors
- 60/40 Split Folding Rear Seat
- One-touch auto down window on driver's side
- Driver's side seat mounted armrest

Preliminary Features and Specifications shown, subject to change.

* All the airbag ("AB") systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing childseat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings.

** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

*** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

xB Specifications

Mechanical / Performance:

Engine	Double overhead cam (DOHC) 16-valve VVT-I 4 cylinder
Displacement	2.4L (2362 cc)
Horsepower	158 hp @ 6000 rpm
Torque	162 lb-ft @ 4000 rpm

Exterior Dimensions (mm):

Overall Height	63
Overall Width	69.3
Overall Length	167.3
Wheelbase	102.4

Tires / Wheels:

Tires	P205/55R16 on steel wheels w/full 16" wheel covers
Spare	Temporary Spare
